and Genealogical Society presents:*

BASIC, BASIC DNA

Class will be taught by
Pat Burrows and Pam Fujii
Sept. 6, 2018, 1:00 pm – 3:30 pm

Registration Closes: Sept. 4, 2018

All classes are FREE but you must pre-register

No WALK-INS WILL BE ALLOWED

Have you thought about testing your DNA but did not know which test to do? Or, are you one who has tested your DNA, but you don't know how to use the tools to break through your brick wall?

Pat Burrow will give a basic introduction to DNA testing, including the four different types--Y-DNA, mtDNA, Autosomal and X DNA and the top three companies, including each company's strong points and weaknesses. Pam Fujii will walk you through her case study on how she used all three companies. We guarantee when you leave the session, you will be thinking of DNA testing in a whole new light!

Class starts at 1:00 pm in the Redwood Room – 1st floor

Learn the basics of starting your genealogy research. This class will help you discover what documents you have, what documents you need and what to do with the information you found. You will learn what is available from vital records, as well as other kinds of records. We will explain Family Groups Sheets and Pedigree Charts and show you how to fill them out, plus give you an introduction to sourcing your information.

Class starts at 1:00 pm in the Margie Edinger Room – 1st floor
