

INVENTORY of GENEALOGY PERIODICALS

March 24, 2011

INTRODUCTION

This is an inventory of the periodical holdings in the genealogy collection at the Santa Clara City Library. The collection is maintained by the Library Committee of the Santa Clara County Historical and Genealogical Society.

The collection contains roughly four hundred titles obtained from a combination of library subscriptions, society subscriptions, exchanges with other societies, continuing donations, and one-time donations. We cannot guarantee what future issues we will receive. Generally speaking, any title that shows 'ongoing' can reasonably be expected to continue on through the year. Many societies have begun publishing their magazines and newsletters online, and have discontinued exchanges with us. Also many newsletters are purged from the collection after one or two years.

The inventory is arranged by categories, just as the periodicals are arranged on our shelves, with Computers first, then International General, next Countries in alphabetical order, then the United States General, next United States Regional, then States in alphabetical order. The inventory indicates where issues may be found: Issues listed in the column 'Genealogy Room' are available in the shelves open to the public. Issues listed in the column 'Storage' have been moved to a storage area, and may be requested at the Periodicals Desk.

Please ignore the fact that Roman numerals and Arabic numerals seem to be interchangeable. Many times periodical numbering schemes go back and forth between them over a period of years.

Notes:

PERCI = Periodical Source Index -- indexes Periodical Collection
at Fort Wayne, Indiana, Library --- 1847-1995
